INTERNATIONAL OPPORTUNITIES
BECOME A GLOBAL PARTNER

ABOUT SDSU
Since its founding in 1897, San Diego State University has grown to become a leading public research intensive university with a strong teaching mission. Each year, SDSU provides more than 36,000 students with the opportunity to participate in an academic curriculum distinguished by direct contact with expert faculty and an international emphasis that prepares them for a global future.

OUR PRESIDENT
Dr. Adela de la Torre is the ninth permanent president of San Diego State University and the first woman to serve in that role. She is committed to preparing “global citizens, compassionate leaders and ethical innovators” who will impact their communities and the world.

HOW WE STACK UP

COE IN THE 2019 U.S. NEWS & WORLD REPORT RANKINGS

#53 Among all U.S. graduate education programs

#40 Among all U.S. public university graduate education programs

COE MISSION
The SDSU College of Education (COE) prepares effective professionals for a variety of societal service delivery and leadership roles across a range of settings including schools, postsecondary institutions, social service agencies and vocational rehabilitation organizations. The COE contributes to the knowledge base in both educational theory and practice through professional inquiry and scholarship. The COE engages in strategic partnerships with the field of practice to improve client outcomes, to increase institutional effectiveness and to promote social justice.

OUR DEAN
A native of Hong Kong, Y. Barry Chung received his M.A. and Ph.D. in counseling psychology from the University of Illinois at Urbana-Champaign, and his B.A. in educational psychology and counseling from the National Taiwan Normal University. Prior to becoming Dean of COE in 2018, he was Associate Dean for Graduate Studies in the School of Education at Indiana University Bloomington.
COE INTERNATIONAL PARTNERSHIPS AND PROGRAMS

OVERVIEW

Aligned with SDSU’s strategic internationalization mission and vision, the College of Education promotes and supports the purposeful engagement of students and faculty through:

- **Global Cultural Experiences**
  (Study Abroad and Student Exchange Programs)

- **Visiting Scholars Program**
  (International Visiting Faculty and Graduate Students)

- **Other International Partnerships and Collaborative Programs**

GLOBAL CULTURAL EXPERIENCES

The provision of Global Cultural Experiences through study abroad and student exchange programs is an important aspect of SDSU’s internalization mission. Through these programs, the College of Education offers our students meaningful opportunities to advance their personal, academic and professional development as they engage in the interdisciplinary study of international issues in education and other related fields of study and practice that have clear relevance to our local contexts. These programs extend opportunities for students to develop as mindful and culturally aware global citizens, compassionate leaders and ethical innovators who will advance social and educational change locally and globally.

VISITING SCHOLARS PROGRAM

Through the SDSU Visiting Scholars Program, the College of Education provides international scholars and graduate students with opportunities to engage in visits aimed at advancing teaching, research and/or service endeavors. The program supports collaborative partnerships for the advancement of scholarship and social and educational change at local, national, and international levels.

CONTACT US

For further information on these programs and how interested institutions abroad can collaborate and establish partnerships, please contact Dr. Cristian Aquino-Sterling, Associate Professor and Associate Dean for Diversity and International Affairs for the San Diego State University College of Education at caquino@sdsu.edu.
