LET’S WORK TOGETHER TO ADDRESS THE ACHIEVEMENT OF LATINXS PRE-K THROUGH HIGHER EDUCATION.

The Latinx Education Summit is sponsored by the Latino Coalition for Education and the San Diego County Office of Education.

The Latinx Education Summit examines the current trends in Latinx educational achievement in San Diego County. The Summit will review a countywide achievement profile and an examination of how parents, TK-12 teachers, higher education advocates, and students can work to reduce the achievement gap and enhance educational opportunity for Latinx youth. At the Summit, organizers seek to raise community leadership and social consciousness in working to provide equity in education.
