

## School Psychology Program (Education Specialist Degree)

School psychology graduates will implement the NASP Practice Model (2020) to design, deliver, and evaluate services within a multi-tiered framework (RTI/MTSS). The following degree learning outcomes guide our work:

Degree Learning Outcomes (DLOs)	Course Map to DLO's
<p>Apply ecosystemic approaches to better understand and address problem situations involving students, schools, families, and systems.</p>	<p>CSP 619: Foundations of Ecosystemic Thinking                      CSP 623: Ecobehavioral Assessment-Intervention                      CSP 730/740/752: Practicum &amp; Fieldwork in Schools                      CSP 764: Educational Psychology: Developmental &amp; Biological Bases                      CSP 760/780: Advanced Seminar &amp; Internship in School Psychology</p>
